OBJECTIVE

To be able to work for an encouraging and stable company that will assist me in developing, improving, and obtaining the necessary skills in order to become the best engineer possible. I am looking forward to challenging my potential and be worthy of Management trust and confidence.

WORK EXPERIENCE

ML DATA ASSOCIATE | AMAZON | HYDERABAD May 2024 – Nov 2024

Roles and Responsibilities:

- The Associate in this function must study a video of the stowing action at a fulfilment Centre, completely comprehend it, and apply human judgement in conjunction with tools and resources to identify the behavior captured in the video.
- They are supposed to check or mark the product's placement using a tool while keeping the maximum degree of precision. This procedure aids in keeping the fulfilment center's stow quality.
- This is an operational position. Under general supervision, the Associate completes accurate and extensive video/image annotations with high accuracy and length.

STRENGTHS

- Quick Learner
- Team Work
- Time Management
